## NEXT MEETING

Wednesday, January 18th

7:00 ~ 8:30 PM

Day Tripping ~ 759 Mendocino Ave

### HISTORICAL DISTRICT

Please come out and help us decide which name to give our district. The Historical Designation committee decided on two different options **Davis Ranch Historic District or Comstock Historic District.**

At our last meeting in October there was a sub-committee put together that came up with two other names which they would like to present to the Association at this next meeting. They have put together a slide show starting at **6:30 pm at Day Tripping.** Come check it out If you are interested in seeing what they have come up with.

There will also be an update as to where the heritage district designation is in it's progress

### UPDATE ON NEW DEVELOPMENTS

Come here the latest updates on 1265 Morgan Street and 232 Ridgway Avenue.

Benton Street roundabouts ~ The original idea was that the neighborhood would go with a Dri Watering system, but now the committee has voted for the city to install piped water. There was some concern about the Dri Water canisters being replaced in a timely fashion and we were limited as to what kind on plants we could have.
